

DRIMS User Manual

1. Introduction and Overview

1.1 Quick Start Guide

For Citizens (Reporting an Incident):

- 1 Register an account using Email, Google, or Facebook.
- 2 Log in and click Submit Report.
- 3 Provide details, upload evidence, and drop a map pin.
- 4 Track status in My Reports.

For LGU Officers:

- 1 Monitor Heatmap for clusters.
- 2 Validate AI tags in Review Queue.
- 3 Dispatch reports.
- 4 Merge duplicate reports.

For Super-Admins:

- 1 Promote users.
- 2 Adjust system settings and deploy.

2. Authentication and Onboarding

Users can register via Email, Google, or Facebook with identity verification.

3. Citizen Portal

Submit reports, track status, and interact with complaints.

4. LGU Command Center

Includes Heatmap, Review Queue, Assignment system, and Analytics.

5. Super-Admin Configuration

Manage system settings, logs, and users.

6. Server Setup and Deployment

Uses Supabase backend and standard hosting platforms.

7. Troubleshooting and Support

Includes system notifications, common errors, and support guidance.
